Layoffs. Concessions. Budget cuts. Corporate America has created the biggest crisis for workers in decades, and we are paying the price.

How do we protect what we have—and lay the foundation to fight for more?

Led by experienced labor educators and activists, our workshops will explore innovative strategies to fight back, and give you the hands-on skills to make it happen. Two workshop tracks: **Big Picture** and **Nuts and Bolts**.

Workshops Include:

- ▶ **Developing New Leaders**
- ▶ **New Organizing**
- ▶ **Vermont Politics: Seizing the Moment for Single Payer and Beyond**
- ▶ **Aggressive Grievance Handling**
- ▶ **Contract Campaigns**
- ▶ **Running for Local Union Office**
- ▶ **Lessons from Labor History**
